Abstract (max 350 words)

Introduction

Type or paste your text into the appropriate sections of this file but remember to keep the formatting of the page as it is (Arial font 11pt, margins 2.5cm, justified paragraphs). Use single line spacing and leave a line gap between paragraphs. One figure per abstract is allowed, please add it at the end of the abstract with a figure legend. The limit for your abstract is 350 words within one page (figure excluded). Abstracts that do not meet these formatting requirements will be returned.

Methods

Please use British English to write your abstract. The organizing committee reserves the right to edit abstracts for clarity or correctness of English but will consult the author if any significant changes are needed.

Results

The abstract deadline is June 2024. If you live in a low- or middle-income country (LMICs) and you wish to apply for a travel grant, you can indicate so below. Please note that travel grants will be assigned after the abstract selection process uniquely to researchers whose abstract has been accepted either for an oral or poster presentation. Please find the complete list of eligible LMICs following the link provided on the conference website.

Discussion and conclusions

You can indicate your preferred choice of presentation below (oral or poster). Please note that there is limited time for oral presentations, therefore the scientific committee reserves the right to change the type of presentation from oral to poster. A selected number of posters will be chosen for short oral poster pitches (1 minute each).
